Dear Sir -

On another page I send you the names of sub<sup>rs</sup> to Anti. S. papers - We have made up the Company of 40 - I have no paper at hand to know exactly what their lowest terms are, or whether at their lowest terms to a Co. of 40. They give separate directions on the papers or send to one direction only - At all events you must say to them that in this case they must give us the paper at the lowest rate, and give us a separate direction, & discontinue the gratuitous circulation at this office, as their gratuitous package is nearly all left in the P.O. - The money will be ready for you when you pass here again - All passed off quietly on the Sabbath, the Methodists not thinking it best to renew the controversy - We have for this & other reasons thought best not to have you come here next Sabbath - It is the first day our new minister is to be with us, & we think with his present views it might be best to have him in our atmosphere a week before we ask him to give way to the subject - If you should get thro at Rochester, so as to come up here on Friday we might have a lecture here on Friday evening perhaps - We think you would better make your calculations to be in Batavia on Sunday next - You can get a pretty good chance at the Church, at least on Sunday, before they know what ails them, & then you can command an audience afterwards - If we should send a notice ahead of you, very likely they would all stay away as they did here & at Middlebury - Better take them a little unawares - If you will drop me a line saying in view of the whole matter what you conclude to do, I will do any thing to forward your views - It may be best to go out to Batavia, or write a day or two before hand to some of our friends to make some little preparation - You must not forget the meeting at Gainesville - That is important - On hath Goms
